

### **Organizational change in the Director's office**

To increase the effectiveness of legal services at IOCB, as of August 31, 2015, I dissolve the internal legal office.

Starting from September 1, 2015 all legal requests will be accepted by the Director's office and, based on the type (contracts, incl. grant contracts, purchase agreements, licencing, MTA, tender agenda, etc.) and priority, the requests will be distributed to specialized internal units or outsourced to specialized external legal offices.
