

### **The Events at the IOCB**

Because of the increase in the number of events organized under the auspices of the IOCB or in cooperation with it, a section Události/Events will be created on the website of the Institute, posting the individual events chronologically.

I hereby charge all the employees with the duty to inform the press agent about all the events prepared under the auspices of the IOCB or in cooperation with it well in advance.

I further assign Michal Hoskovec to post the events on the website of the Institute, under Události/Events, and to administer and regularly update this section.

Prague, March 7, 2013
