

Re: Establishment of Junior Research Teams

In compliance with the recommendations of the selection committee of 23 March 2012 and after discussions with the Board of the Institute, I establish two junior research teams in the scientific area of biochemistry:

I.

With effect as of 1 April 2012, I appoint **Ing. Kvido Stříšovský, Ph.D.**, as the leader of the junior research team – 250/25. The team has been established to conduct research in the area of membrane proteases. The current employees of the institute – Began Jakub, Škerle Jan – will be transferred to the team.

II.

With effect as of 1 July 2012, I establish **Evžen Bouřa, Ph.D.**, as the leader of the junior research team – 260/26. The team has been established to conduct research of PI4 kinas properties.

Prague, 30 March 2012

RNDr. Zdeněk Havlas, DrSc.
Director
