

Extraordinary Stocktaking of the Low-Value Long-Term Tangible Assets (DDHM) Being Used in Building "C"

In conjunction with the approaching deadline of stocktaking stipulated by law, namely December 31, 2012,

I give the instructions

that the inspection of the placement of the equipment supplies in the individual rooms of the newly reconstructed Building "C" be implemented in advance.

The aim of this inspection, which will begin on October 1, 2012, is to verify in advance whether the records of the equipment placement agree with its actual placement.

In appoint the stocktaking committee with the following members:

Chairperson: Bc. Karel Šobíšek,
Member: Monika Nedvěďová
Member: a property user

The committee will list the differences in the placement in the individual rooms of Building "C" in a report. The discrepancies discovered will be resolved by Bc. Tomáš Němec.

I charge the biochemistry team leaders with ensuring the maximum cooperation possible.
