

# JOSEPH FOURIER PRIZE FOR COMPUTER SCIENCES 2019

## Atos / Embassy of France in the Czech Republic

### **Article 1**      **Scope of the competition**

Atos and the French Embassy in the Czech Republic organize a competition for the “Joseph Fourier Prize” in 2019.

The goal of this competition is to award the best PhD research work in computational sciences. Every institution of research and higher education in the Czech Republic may propose high level candidates.

### **Article 2**      **Institutions involved and coordinators**

All institutions of research and higher education (university and institutes of the Czech Academy of Sciences) may enlist their students in the competition for the “Joseph Fourier Prize”.

They have to designate a coordinator and provide his or her name to the scientific department of the French Embassy in the Czech Republic **at the latest by March 8, 2019**.

### **Article 3**      **Criteria for selecting participants**

All students of Czech universities, institutions of higher education and institutes of the Czech Academy of Sciences may take part in the competition provided they fulfill the following conditions:

- Their PhD research is encompassed within the topic defined in Article 1
- They are of Czech or Slovak nationality and are **younger than 33 years** on the date of the Awarding ceremony (see Article 8).
- They are currently enrolled in a doctorate cycle at a Czech institution of research and higher education **or** they have defended their PhD dissertation in 2018 or 2019.
- Their PhD studies do not collude with any work for Atos.
- They are the author of at least one scientific article published or accepted for publication (to be proven by a letter from the editor) in a peer-reviewed international periodical.

### **Article 4**      **Role of the coordinator**

The coordinator of the Joseph Fourier Prize 2019 project has the task of organizing the selection of the best participants from the ranks of the students enrolled at the given institution of research or higher education. These candidates will then be entered by the relevant institution in the competition.

The coordinator shall verify that individual participants fulfill the conditions for participating in the competition (viz. Article 3). Subsequently, he/she shall give to the French Embassy in the Czech Republic the names and contact information – personal and work – of all candidates taking part in the competition **at the latest by March 29<sup>th</sup> 2019**.

Each coordinator must choose **a maximum of two candidates**. The president of the selection committee and the attaché for scientific and university cooperation of the French Embassy in the Czech Republic may preselect candidates should there be too many applications.

## **Article 5**      **Applications to the competition**

Each candidate must deliver by email the complete Application package described in **Annex 1** to the French Embassy in the Czech Republic (scientific department) **at the latest by April 26, 2019**.

## **Article 6**      **Selection committee**

The selection committee will meet on May 27, 2019 in Ostrava.

The committee should be presided over by Jean-Marc Denis from Atos. Further members of this professional selection committee shall be:

- The attaché for scientific and university cooperation of the French Embassy in the Czech Republic.
- One representative of each institution of research and higher education from which candidates have been selected.

Individual applicants shall be invited by the French Embassy. They will present orally – in French or in English – their PhD research to the committee. Presentations shall last 10 minutes, followed by a 10 minutes Q&A.

After the oral presentation, the selection committee shall proceed with the final deliberations. The evaluation of the commission shall be recorded in the protocol. The laureates of the Prize will be informed of the results of the competition within a week after selection committee's meeting.

## **Article 7**      **Financial Subsidies and Stipends**

- **1<sup>st</sup> Prize:** 60,000 CZK and a stipend for a one-month internship in France
- **2<sup>nd</sup> Prize:** 40,000 CZK and a stipend for a one-month internship in France
- **3<sup>rd</sup> Prize:** 25,000 CZK

The award prizes are provided directly to the winners by Atos.

Stipends for internships in France are provided by the French Embassy in the Czech Republic. These internships must take place in a French research center, and that at the latest by December 15<sup>th</sup> 2020. The scientific laboratory shall be chosen entirely by the laureates.

A Special Prize IT4Innovations will also be awarded in partnership with IT4Innovations. The winner will be given the right to 50 000 hours of calculation on Ostrava's super computer.

## **Article 8**      **Awarding Ceremony**

The official awarding of the Prize will take place on June 26<sup>th</sup> or June 27<sup>th</sup> 2019 in the presence of His Excellency, the Ambassador of France to the Czech Republic. The awards will be given to the laureates by Professor Jean-Marie Lehn, the Nobel Laureate in Chemistry.

The formal ceremony shall be attended not only by all awarded students, but also by their PhD supervisors and the representatives of the universities, institutions of higher education and institutes of the Czech Academy of Sciences.

Students might be invited to cooperate with the media (e.g. interviews) and understand that media materials form ceremonial may be used for marketing purposes.

## **Article 9**      **Time Schedule**

<b>March 8, 2019</b>	Designation of project coordinators at institutions of higher education.
<b>March 29, 2019</b>	The coordinators inform the French Embassy of the names and contact information of applicants entered for their institution of research and/or higher education.
<b>April 26, 2019</b>	Deadline for sending the complete documentation of applications at the following address: <a href="mailto:sciences.prague@gmail.com">sciences.prague@gmail.com</a> .
<b>May 27, 2019</b>	Oral presentations by candidates before the selection committee.
<b>June 26 or June 27, 2019</b>	Awarding ceremony.
<b>At the latest by December 15, 2020</b>	Internship of awarded students in France.

## Annex 1: Application Package

Name and Surname:

Date and place of birth:

Personal email:

Personal phone number:

Personal address:

Professional email:

Professional phone number:

Professional address:

Subject of Thesis:

Date of (past or forthcoming) defence:

Year and Faculty of registration:

PhD supervisor(s):

Discipline(s):

The application should also include:

- Academic curriculum vitae, including a list of publications. **For publications in a peer-reviewed academic journal recognized by such databases as Web of Science or Scopus, please indicate their ranking**
- A max. 5 page-long, illustrations included, presentation of the applicant's research activities and applicability prospects in English or French
- A max. half-page long summary of the above mentioned presentation with basic information from the aforementioned presentation in Czech and in English or French
- A letter of recommendation written by the applicant's scientific supervisor, presenting both the student and his research work

All documents should be sent altogether in the same email and in the same zip file to

[sciences.prague@gmail.com](mailto:sciences.prague@gmail.com). The title of the email and file should be as follow: "Application to the Joseph Fourier Prize – Name Surname – University – Faculty or Institute".
