

*Organisational Changes at the IOCB of the ASCR, v.v.i.*

As of 1st February 2011, the following organisational changes will occur in the Technical-Administrative Section – 8239:

For the sake of increasing labour efficiency, the Technical Section – 8223 and Maintenance – 8280 will be merged under one section 'Technical Administration and Maintenance' – 8280, which will be directly subject to the Head of the Technical-Administrative Unit. The head of the newly created Technical Administration and Maintenance will be Mr Jan Janoušek.

As a consequence of this organisational change, the number of employees will be reduced simultaneously and as of 1st February 2011 Ing. Josef Šára will become redundant, for whom there is no suitable work in the Institute to which he could be transferred by mutual agreement, and the employment contract will be terminated with him according to Section 52, Subsection c) of the Labour Code.
