

The Evaluation of the Efficiency of Research and Research-Service Teams

The Director of the IOCB announces the evaluation of the efficiency of the research and research-service teams for the last three-year period, i.e. for 2008, 2009 and 2010.

The evaluation will be governed by the method set out in Director's Order 3/2008.

Process of the Evaluation

1. The Scientific Information Centre (SVI), through an extract from the ASEP database, will present the team leaders with a list of recognisable outputs by 25 March 2011.
2. If necessary, the team leaders will adjust the values by employing the real impact factors and will document the citation rate, if applicable present the background materials for the calculation of **T** and **S** and submit the adjusted lists to the secretariat of the Director by 31 March 2011.
3. The Patent and Licence Office will provide the Secretariat with a list of patents granted in the monitored period with the authors of the patent and their share in the patent listed by 25 March 2011.
4. The director of the TEA will provide the values of the **IMP** for the individual teams to the secretariat of the Director and the incomes from the licence fees including the shares of the authors by 25 March 2011.
5. The secretariat will perform the final calculation and provide the Director with the results by 1 April 2011.
