

Director's Order

7/2011

Nitrogen Safety Training

For All the Employees through Team Leaders

In compliance with the regulations in force concerning work with technological equipment,

I charge

the team leaders with the submission of a list of all the persons that will be authorised to handle gaseous and liquid nitrogen from the storage stations. The persons who have not completed the training will not be allowed to handle these containers. Send the lists of the people to be trained (including their personnel numbers) to Mr Václav Mžourek at mzourek@uochb.cas.cz no later than **15th April 2011**.

RNDr. Zdeněk Havlas, DrSc.
Director
