

Director's Order

10/2011

RE : Permission to work from home on 16th June 2011

Considering the planned transport strike and expected problems with travel to work, **I will allow** work from home on **Thursday, 16th June 2011** for all employees of the institute.

If an employee can reach the workplace without using transportation means, he/she must take extra care for all of the safety regulations at the workplace in the awareness that a number of services, including health care, do not have to be available. The performance of hazardous work is forbidden at the workplace.

Prague, 14th June 2011

RNDr. Zdeněk Havlas, DrSc.
Director
