Call info	The Eiffel grant program is financed and managed by France's Ministry of Foreign Affairs and International Development (MAEDI). Designed to help French higher education institutions attract the best possible applicants to MSc programs and PhD internship in the face of stiff international competition.
Conditions / Restrictions	The program is designed for foreign nationals. Candidates who hold French citizenship, even if they are also a citizen of another country, are not eligible. Knowledge of French language is requested in level sufficient for the studies. Applicants for master studies may request two additional months for language courses. Grantees must complete 75% of their curriculum in France. Applications are put forward by the French host institutions, which agree to enroll the grantees in the program for which they are selected. The Eiffel program does not cover tuition. Recipients of grants from the French government are exempted from paying the application and registration fees charged by public institutions. Each institution may nominate a maximum of 40 applicants at the master's level. Applicants nominated by more than one institution will be immediately rejected
Proposal consists of	1st step: - You have to choose by yourself the French institution according to your project of study. Any French higher education institution can apply - You may contact the International Relations department of the university/school through their website, by email or phone, to know the deadline for the submission of applications.

	<p>2nd step:</p> <ul style="list-style-type: none"> - If your French university/school has decided to support your application to the Eiffel scholarship, they will send you the application form and help you fill it out. - Finally, they will send the application on your behalf. <p>Applications are submitted by the French host institutions, which agree to enroll the grantees in the program for which they are selected.</p>
Evaluation criteria	<ul style="list-style-type: none"> - The applicant's record of excellence - The institution's international policy - The aid partnership policy of the French ministry of foreign affairs
Research areas	<p>MSc. Program: Engineering, Economics and management, Law, political science</p> <p>PhD program: Sciences, Economics and management, Law, political science</p>
