

Deadline	15 June annually (IOCB deadline: 5 June annually)
Competition name	Alfred Bader Prize for Organic Chemistry (CAB-I) Cena Alfreda Badera za organickou chemii (CAB-I)
www	http://csch.cz/o-spolocnosti/oceneni/ceny-alfreda-badera/
Organiser	Czech Chemical Society, Novotného lávka 5, 116 68 Praha 1, www.csch.cz
Focused on	Awarding of young Czech researchers in organic chemistry for their excellent published research results.
Applicant	Young researchers with Czech citizenship up to 35 years
Criteria/Selection process	Criteria: Quality of achieved results, scientific record of the applicant The applicant cannot reach the age of 36 in the year of the competition. The age limit is extended by the time spent on parental leave. The applicant has Czech citizenship and a main employment in the Czech Republic. The awarded candidate is obliged to give a lecture on awarded results at the award ceremony. The winner of the prize is obliged to process the results for which the prize was awarded into a contribution to the Czech Chemical Society published journal.
Institution	Research organizations in the Czech Republic
IOCB contact	IOCB Project Office, projectoffice@uochb.cas.cz , +420 220 183 266
IOCB deadline	5 June annually
Final deadline	15 June annually
Evaluation results	NA
Awarding ceremony	Assembly of the Czech Chemical Society
Awards	Diploma and supplement 5400 USD
Language of application	Czech
Application consists of	1) Structured CV; 2) Summary of the applicant's results (comment on the applicant's share in the given publications, diagrams and structures illustrating the results) (max. 8 pages) 3) List of publications - the corresponding author is marked with an asterisk; 4) Copies of scientific publications - on electronic medium; 5) At least one recommendation letter is encouraged - supervisor or the IOCB Director The application must be submitted in paper and electronically. Send the original of application by post form to the address Česká společnost chemická, Novotného lávka 5, 116 68 Prague 1. It is necessary to enclose scientific publications in PDF on a suitable electronic medium (CD or flash disc). Send the electronic version of the application by email to csch@csch.cz
Research areas	Organic Chemistry – Organic Synthesis. Mechanisms Study
