

Deadline	Thu 21 Jan 2021, 17:00 CET Pre-proposals (IOCB deadline Mon 18 Jan 2021) Thu 10 June 2021, 17:00 CET Full-proposals (IOCB deadline Mon 7 June 2021)
Call name	Joint Transnational Call for Proposals (JTC2021) for “European Innovative Research & Technological Development Projects in Nanomedicine”
www	EuroNanoMed3: https://euronanomed.net/joint-calls/12th-joint-call-2021/ TA CR: https://www.tacr.cz/soutez/euronanomed3/call-2021/
Focused on	Support of translational research projects that combine innovative approaches in the field of nanomedicine and (ii) to encourage and enable transnational collaboration between public and private research groups from academia, clinical/public health research or research teams from industrial enterprises (all size). The participation of Medical Doctors and SMEs will be strongly encouraged. This call supports the following topics: <ul style="list-style-type: none"> • Diagnostics • Targeted delivery systems • Regenerative medicine (not supported by TACR) Czech participants: support only for applied research and experimental development
PI	Consortium consisting of 3-5 partners from at least 3 different countries (no more than 2 eligible partners from the same country in the consortium). Consortium may increase up to 7 partners, if includes underrepresented countries
Eligible organisation	Academia (universities, higher education institutions, research institutes), Clinical/public health research sector (hospitals, other health care organizations) and Enterprises (all sizes). National/regional restriction may apply. Participating countries: Belgium (FRS-FNRS); Bulgaria (BNSF); Egypt (ASRT); Estonia (ETAg); France (ANR); Israel (CSO-MOH); Italy (IMH); Latvia (SEDA/VIAA); Lithuania (RCL); Poland (NCBR); Romania(UEFISCDI); Slovakia (SAS); Spain (ISCIII, CDTI); Taiwan (MOST); Turkey (TUBITAK).
Target group	Multinational research groups collaboration - senior researchers, junior researchers, postdocs
Expected outputs	At least one of the following types of results: (F) Utility model, industrial model; (G) Prototype, functional sample; (N) Certified methodology, treatment procedure, heritage procedure, specialized map with scientific content; (P) Patent; (O) others (e.g. patent application); (R) Software; (Z) Trial operation, verified technology, variety, breed technology.
Call opens	16 Dec 2020
IOCB deadline	Mon 18 Jan 2021 Pre-proposals Mon 7 June 2021 Full-proposals
Final deadline	Thu 21 Jan 2021, 17:00 CET Pre-proposals One joint proposal per consortium- submission website: Consortium should register at: https://ptoutline.eu/app/euronanomed2021 , clicking the “to register” button and following the directions. Czech participant: submission national parts of the proposal to the TA CR via the data box (datová schránka) ID: afth9xp Thu 10 June 2021, 17:00 CET Full-proposals same as pre-proposals
Evaluation results	27 April 2021 - results of pre-proposals assessment 31 Aug-7 Set 2021 – rebuttal stage Oct 2021 – funding decision
Signature of agreement	Subject to national procedures Nov – Dec 2021
Earliest date of implementation	Beginning of 2022
Latest date of implementation	Subject to national procedures
Sustainability	3 years result implementation plan
Reporting	National rules (for Czech participants – TA CR, annual reports 30 January)
Project duration (min-max)	24-36 months: Regular collaborative projects 12-24 months: Short collaborative projects National/regional restriction may apply
Allocation for the call	TACR budget 750 000 EUR;

Project budget (min-max)	750 000 EUR (Czech participant)
Success rate	35,1 % (call 2019)
Eligible costs	Czech participant: §2 of the Act. No 130/2002 Coll. <ul style="list-style-type: none"> • personnel • other direct costs (consumables, travel, equipment - only depreciation costs, IPR) • subcontracting (max. 20% of total budget) • indirect costs (overheads) flat rate of 25 %0, full cost Rules for TA CR national programme EPSILON apply. Investment costs are not eligible
Reimbursement	Max. 85 % of total eligible costs is provided by TA CR for the Czech application. In case of participation of a Czech SME or a company, research organizations can apply for up to 100% of financial support.
Mode of funding	ex-ante
Language of application	English/Czech for TA CR documents
Provider	Consortium of 21 national/regional providers from 16 countries (for Czech participants – Technology Agency of the Czech Republic (TA CR), www.tacr.cz Kristina Nehilčová, +420 234 611 629, kristina.nehilcova@tacr.cz Joint Call Secretariat 2019: The National Institute of Health Carlos III.; Monforte de Lemos, 5; 28029 Madrid, Spain; Contact person: Astrid Valencia Quiñónez; +34 918 222 227; ma.valencia@isciii.es
Call identifier	EuroNanoMed2021
Conditions / Restrictions	<ul style="list-style-type: none"> • Consortium must include research group/s from at least two out of the following three categories: Academia, Clinical/public health research sector, Enterprises. • Consortium must specify categories to which project fits in (based on target TRL) more <ol style="list-style-type: none"> 1) innovation applied research project (target TRL 3-6) 2) projects with high potential of applicability at short/medium term (target TRL 5-6) • No more than 2 partners from the same country in one consortium. • Participation of Medical Doctors, junior researchers and SMEs is strongly encouraged. • One principal investigator will represent each project partner. • Partners from several countries will submit application jointly, but individual partners will be funded by the individual EuroNanoMed funding organization respective of the country/region from which applicants have applied. • Participation of associated partners is possible, but they must secure own funding. • Under-represented countries in this call are: Bulgaria, Czech Republic, Egypt, Estonia, Latvia, Lithuania, Romania, Slovakia, Taiwan, and Turkey.
Proposal consists of	1) <u>Joint pre-proposal application form:</u> <ul style="list-style-type: none"> • Abstract (max. 2,000 characters) • Data of each participating organization (partner) • Project description (max. 5 pages), work plan • CV of each partner, list of 5 relevant publications within the last 5 years • Financial plan of each partner, incl. item description 2) <u>Czech applicant - national application for the TA CR:</u> <ul style="list-style-type: none"> • TACR application form • A Sworn statement of the applicant • Confirmation of the Certification authority for results NmetS (if applicable) • Patent research for results type P (patent) (if applicable)
Evaluation criteria	1) Excellence; 2) Impact; 3) Quality and efficiency of the implementation Maximum score 15 points; scope 0-5 for each criterion, no threshold.
Research areas	All research areas and expertise relevant to topics diagnostics and targeted delivery systems
Call workshop	Not available Looking for partners: European Nanomedicine Map EuroNanoMed partnering tool) H2020 NCP Partner-Search Tools
IOCB contact	Please inform the IOCB Project Office about your intention to apply. Do not hesitate anytime to contact us for consulting, discussion or help. Veronika Palečková, veronika.paleckova@uochb.cas.cz , +420 220 183 266 Jitka Šilerová, jitka.silerova@uochb.cas.cz , +420 220 183 229
