# Most significant publications in 2014

---

- Physical and Theoretical Chemistry
- Medicinal and Organic Chemistry
- Biochemistry and Molecular Biology
- Interdisciplinary (within IOCB)

Each group may submit 1 most significant paper published in 2014 per category. Semi-autonomous units within larger groups may submit their own papers if the group leader is not listed as co-author. The papers will be judged by an external panel (IAB members, *ad hoc* reviewers) as well as by an internal IOCB panel (team leaders and management). Top one third of papers in each category will be awarded prizes in the form of group money.

# Most significant publications 2014

## Lessons learned from previous years

- Preselection of submission will be done by IOCB management before evaluation by international panel, based on explicit rules:
  - Typically, only papers with principal or corresponding author from IOCB should be submitted.
  - Papers not meeting these criteria may still be submitted, but only work done at IOCB will be judged.
- Assignment to categories will be scrutinized
- Clarification re Interdisciplinary vs Collaborative
- Interdisciplinary: Chemistry - Biology  
Computational - Experimental
- The cash prize should not exceed  $2 \times 110K = 220K$  Kč
- Question re analytical techniques component (NMR, MS, x-ray structure analysis)
