	Call info	

Conditions /	Project proposals must be submitted in parallel to both partner organizations.
Restrictions	CZ project proposal must be submitted via the KIS application.
	You must register in the KIS application using the following link and fill in a project proposal.
	After finishing your proposal, you shall forward it through your KIS account to the IOCB Director
	for its approval. The Director shall approve and submit your proposal via his KIS account.
	All Czech team members must be employees of the CAS.
	At least 1/3 out of the whole team must be junior researchers or PhD students.
	Min. 50 % of the requested financial contribution shall be used to cover mobility costs and
	shall be maintain on the project level as well as yearly.
	The course of project implementation will be monitored through annual and final reports
	including use of financial means and justification of costs and transfers between categories.
	PI can submit more than 1 project proposal, but only 1 project can be funded.
	Only 2 subsequent projects realized by the same research teams can be funded.
	Please be aware that the date of the call and of the deadline for project submission might differ
	on the JSPS side. Czech/Japanese principal investigators, therefore, should be sure that their
	counterpart submits a matching application by the relevant deadline (call open: early June 2022;
	deadline for submission: Sep 2022).
Proposal	Mobility Plus Project Proposal form CZ for CAS (CZ applicant)
consists of	Abstract (en/cz max 1,100 characters incl. spaces), project description (max 10,000 characters
	incl. spaces in total), research teams description (max 5,000 characters incl. spaces in total),
	budget description, CVs of Czech and foreign PIs: (max 1 page) + list of 5 project-publications
	in the last five years.
Evaluation	Two-step evaluation: national level & international level
criteria	1) Scientific and formal quality: Quality of project implementation (concept, approach,
	methodology, time schedule, outcomes); State-of-the-art; Innovation potential and perspective
	to broaden knowledge; Expected mutual benefits for both research institutes; Potential of
	project results and its possible outreach.
	2) Quality of research teams: Justification of collaboration needs; Competence and qualification
	of research team members; Level of involvement of junior researchers and PhD students;
	Research teams' complementarity; Previous cooperation.
Research areas	All research areas
Call workshop	Not available
IOCB contact	Please inform the IOCB Project Office about your intention to apply.
	Do not hesitate to contact us anytime for consulting, discussion or help.
