

Call name	Deadline	Thur 20 Oct 2022 12:00 CET (IOCB deadline for final proposal: Thu 13 Oct 2022)
Pocused on Networking: meetings, workshops, conferences, training schools, short term scientific missions, dissemination activities: Strengthening Europe's research and innovation capacities by a main proposer	Call name	COST Association: COST Action
missions, dissemination activities: Strengthening Europe's research and innovation capacities by a main proposer Network of proposers (top management, senior researchers, project managers) represented by a main proposer Consortium of at least 7 institutions from at least 7 COST Member States, half of which have to be from COST Inclusiveness Target Countries Research institutions, public higher education institutions, research infrastructures, international organisations, public authorities, regional bodies, private law subjects: companies, SMEs. NGOs, foundations Network of stakeholders: research institutions, universities, research infrastructures, companies, SMEs Researchers, engineers, scholars, innovators from all career levels, degrees of specialisation and professional backgrounds, from PhD students to Nobel Prize winners Expected outputs Expected	www	www.cost.eu/funding/how-to-get-funding/open-call/
Eligible organisation For Cost Inclusiveness Target Countries Research institutions, public injent education institutions, prospensions, public authorities, regional bodies, private law subjects: companies, SMEs, NGOs, foundations Target group Network of stakeholders: research institutions, universities, research infrastructures, companies, SMEs, NGOs, foundations Expected Outputs Repected Breakthrough scientific developments; interdisciplinary bottom-up networks New ideas, initiatives, concepts, services, products Codified knowledge (publications, patents, websites), tacit knowledge (not formalised knowledge), technology (software, new materials, prototypes, databases), societal applications, proposals to the ERC/large collaborative EU projects Meetings: AMC/WG meetings, workshops, conferences: organised by the Action, open to the whole scientific community Training Schools (TS): intensive training in research and innovation topics. Short-Term Scientific Missions (STSM): exchange visits between researchers and innovators within the COST Action. Dissemination activities: to disseminate outputs to other COST S&T networks, policymakers, media, society Conference Grants: helping PhD students and early-career investigators from ITCs to attend international conferences. Deliverables (Action's objectives): reports, documents, technical diagrams, S&T papers and contributions, content for training schools, input to standards, best practices, white papers, etc. Call opens Dec 2022 OCB deadline	Focused on	
Eligible organisation Eligible Organisation Consortium of at least 7 institutions from at least 7 COST Member States, half of which have to be from COST Inclusiveness Target Countries Research institutions, public higher education institutions, research infrastructures, international organisations, public authorities, regional bodies, private law subjects: companies, SMEs. NGOs, foundations Network of stakeholders: research institutions, universities, research infrastructures, companies, SMEs. Researchers, engineers, scholars, innovators from all career levels, companies, SMEs. Researchers, engineers, scholars, innovators from all career levels, companies, SMEs. Researchers, engineers, scholars, innovators from all career levels, companies, SMEs. Researchers, engineers, scholars, innovators from all career levels, winners Expected outputs Breakthrough scientific developments; interdisciplinary bottom-up networks New ideas, initiatives, concepts, services, products Codified knowledge (publications, patents, websites), tacit knowledge (not formalised knowledge), technology (software, new materials, prototypes, databases), societal applications, proposals to the ERC/large collaborative EU projects Meetings: AMC/MVG meetings, workshops, conferences: organised by the Action, open to the whole scientific community. Training Schools (TS): intensive training in research and innovation topics. Short-Term Scientific Missions (STSM): exchange visits between researchers and innovators within the COST Action. Dissemination activities: to disseminate outputs to other COST S&T networks, policymakers, media, society. Conference Grants: helping PhD students and early-career investigators from ITCs to attend international conferences. Deliverables (Action's objectives): reports, documents, technical diagrams, S&T papers and contributions, content for training schools, input to standards, best practices, white papers, etc. Call opens De 2022 Dec 2022 Thur 20 Oct 2022 12:00 CET Farial deadline Fariest date of implementa

Eligible costs	Direct costs: personnel costs, travel expenses, accommodation, meal expenses, trainee grants, local organiser support, equipment, goods & services, fees Indirect costs: overheads max 15%
	Dissemination meetings : travel, accommodation and meal expenses, conference fees Meetings : travel (up to 1200 €), local transport- bus, shuttle, train, metro, tram, ferry (25 €), taxi (up to 80 €, before 7 am, after 10 pm), parking, visa, accommodation (up to 120 €/p/n), meal (20 €/m, max 2m/d) expenses; medical illness and/or Force Majeure; organisational expenses Training schools : up to 4 trainers/invited speakers (travel, accommodation, meal expenses), trainees (fixed grant up to 1500 €, travel, accommodation, meal expenses); LOS, materials
	Local Organiser Support (LOS): (1) a lump sum of up to 20 €/p/d, max 5000 €; (2) expenses justified by detailed invoices, max 10000 €; rental of rooms and technical equipment; photocopying & printing; phone, fax & mailing for announcements; up to 15% of LOS to support the administrative & secretarial expenses; field trip expenses; coffee breaks, refreshments & light lunches (wraps, sandwiches, finger food etc.); one single networking
	dinner; consumables such as laboratory materials, scientific equipment Short Term Scientific Missions (STSM) for PhD students & postdocs: up to 3500 €/p, up to 160 €/d for accommodation & meal, up to 300 € for travel costs Conference grants for PhD students & ECI from ITCs, oral/poster presentation: up to 2500
	€/p, up to 160 €/d for accommodation & meal, up to 500 € for conference fees Communication tools : creation, development, hosting, maintenance of website up to 9000 €; graphic design up to 1000 €; flyers, leaflets, posters, pens; multimedia content; conference booths; publications co-authored by at least 3 FM up to 10000 € in total funded by COST Association; Open Access licences; production & distribution of publications; proofreading, layout & editing expenses
	Final Action Dissemination (FAD) funded by the COST Association, apply no later than 6 months before the official end date of the Action: a fixed grant up to 10000 €
Reimbursement	100 %
Mode of	Ex-ante & ex-post
funding	First instalment of 50 % after signature of the Grant Agreement Second instalment of 35 % reimburses after submission of IFR month 8 Third instalment of 15 % reimburses after submission depends on submission of FFR
Language of application	English
Provider	COST Association Avenue du Boulevard – Bolwerklaan 21, 1210 Brussels, <u>www.cost.eu</u> , <u>opencall@cost.eu</u>
Call identifier	COST-2022
Call info	COST aims to enable breakthrough scientific developments leading to new concepts, services and products. It thereby contributes to strengthening Europe's research and innovation capacities. Objectives: (1) Joining research efforts and developing common S&T programmes by coordinating nationally funded research activities led by pan-European, high quality, collaborative S&T networks. (2) Building capacity by providing networking and leadership opportunities for emerging talents and thereby strengthening and building up excellent S&T communities. (3) Addressing Societal Questions by promoting transdisciplinary, new approaches and topics and identifying early warning signals of unforeseen societal problems aiming to contribute to Societal Challenges. (4) Strengthening COST Inclusiveness Policy by fostering better access and integration of less research intensive countries' researchers to the knowledge hubs of the European Research Area aiming at contributing to the Widening Pillar of Horizon Europe. COST encourages and fosters trans-, multi- and interdisciplinary approaches by integrating researchers, engineers and scholars from different fields and horizons.
0 133	COST Actions are: pan-European, bottom-up, open, unique, multi-, inter- and transdisciplinary, output & impact-oriented
Conditions / Restrictions	Proposal of up to 15 pages. Identify your research challenge and explain how tackling it could lead to breakthroughs. Demonstrate how networking helps tackle the challenge. Present a detailed plan to reach your objectives in 4 years. Show you are able to engage the right stakeholders, having a balanced European participation, gender representation and various career stages. Explain how you will maximise the impact of your idea. At least 50 % of the budget has to be spent in widening countries (Inclusiveness Target Countries, ITCs). Network of proposers from at least 7 different COST Full or Cooperating Members with a
	minimum 50% of ITCs.

Proposal has to be anonymous (in order to comply with the double-blind principle of the evaluation). There can be more than one proposer per institution, as long as it is clearly beneficial for the proposed Action. All proposers must have a registered and updated e-COST profile and specified expertise. 40 COST full members (FM): Albania, Austria, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Republic of North Macedonia, Malta, Republic of Moldova, Montenegro, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, Ukraine, United Kingdom plus EU Member States Outermost Regions (French Guiana, Guadeloupe, Martinique, Mayotte, Reunion Islands and Saint-Martin (FR), Azores and Madeira (PT), Canary Islands (ES)) 25 Inclusiveness Target Countries (ITCs): Albania, Bosnia and Hercegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Estonia, Georgia, Greece, Hungary, Latvia, Lithuania, Luxembourg, Malta, Moldova, Montenegro, North Macedonia, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Turkey, Ukraine plus all the EU Member States Outermost 1 Cooperating Member: Israel 1 Partner Member: South Africa (observer rights) 14 Near Neighbour Countries (NNC): Algeria, Armenia, Azerbaijan, Belarus, Egypt, Jordan, Kosovo, Lebanon, Libya, Morocco, Palestine, Russia (suspended as of 6 May 2022 until further notice), Syria, Tunisia **COST ACTION STRUCTURE:** Action MC members (MCM) = up to 2 persons for each FM nominated by the CNC, have voting rights within the AMC Action MC substitutes (MCS) = up to 3 persons for each FM nominated by the CNC, replace MCM when necessary MC observers (MCO) = Action participants affiliated to partner members, accepted MoU. based in NNCs, IPCs, EC, EU bodies, offices or agencies, International Organisations, European RTD Organisations (Eiroforum) WG members = Action participants appointed by the AMC, contribute to the achievement of the Action objectives **Ad hoc participants** = individuals selected by the AMC to contribute to the Action activities: STSM grantees, trainees & trainers in Training Schools, invited speakers Action Management Committee (AMC) = decision-making body, responsible for the coordination, implementation & management; composed of up to 2 representatives of FM that have accepted Memorandum of Understanding (MoU) Working Groups (WGs) = are in charge of developing activities needed to achieve the Action objectives Chair = elected by the AMC, responsible for the coordination and implementation of the Vice-chair = elected by the AMC, assists when requested to do so by Chair, can substitute Chair when required or mandated to do so Grant Holder = the legal entity responsible for the scientific, administrative and financial implementation of the Action **Group Leaders** = appointed by the AMC COST National Coordinators (CNCs) = individuals appointed by COST Members in charge of confirming participation of their COST Member to a COST Action by means of the acceptance of the MoU and nominating AMC members Action Grant Agreement (AGA) & annual Work and Budget Plans (W&BPs) = detailing the activities designed to achieve the objectives defined in the MoU Proposal 1) General features (online): Title, Acronym, Summary, Key expertise, Keywords (applicant) consists of 2) Technical Annex: Science & technology excellence, Networking excellence, Impact, Implementation (use template, save final version as a PDF) (applicant & Project Office) 3) References (online, not-mandatory, max 500 words) (applicant) 4) COST Mission, Policy and rules (online, mandatory max 1000 words) (applicant) 5) Network of proposers (online, mandatory, e-COST profile) (applicant & Project Office) Evaluation Single-round evaluation **STEP 1:** Proposal peer-review evaluation by at least 3 independent external experts => 3 criteria evaluation reports => consensus report (0-50 points, overall threshold 34 points) **Excellence**: soundness of the challenge; progress beyond the state-of-the-art (15 points)

	Q1: Does the proposal demonstrate a comprehensive command of the state of the art in the
	field
	and present a relevant and timely challenge? Q2: Does the proposal describe an innovative approach to the challenge that advances the
	state
	of the art in the field?
	Q3: Are the objectives presented relevant to the challenge, clear and ambitious?
	Networking excellence: added value of networking (15 points)
	Q4: Does networking bring added value in tackling the challenge in relation to existing efforts
	at
	the European and/or international level?
	Q5: Does the proposed network contain, or present a credible plan for securing, the critical
	mass and expertise for achieving the objectives and thus addressing the challenge?
	Q6: Does the proposal identify the most relevant stakeholders and present a clear plan to
	involve
	them as Action's participants?
	Impact : to science, society, competitiveness, potential for innovations, measures to maximise
	impact (15 points)
	Q7: Does the proposal clearly identify relevant and realistic impacts for science, society and/or
	competitiveness (including potential innovations and/or breakthroughs) Q8: Does the proposed networking clearly contribute to knowledge creation, transfer of
	knowledge and career development?
	Q9: Is the plan for dissemination and/or exploitation of results clear and attainable and does it
	contribute to the dialogue between science and the general public or policy?
	Implementation: coherence and effectiveness of the work plan (5 points)
	Q10: Is the work plan (WGs, tasks, activities, timeframe, deliverables and risk analysis)
	appropriate to ensure the achievement of the objectives?
	STEP 2: Revision and quality check by ad hoc review panel
	STEP 3: Proposal selection by COST Scientific Committee (high-level experts one from each FM/CM)
	STEP 4: Final decision on approval and funding by the Committee of Senior Officials (CSO)
Research areas	All scientific and technological fields
	Natural Sciences: (1) Mathematics, (2) Computer and Information Sciences, (3) Physical
	Sciences, (4) Chemical Sciences, (5) Earth & Environmental Sciences, (6) Biological Sciences
	Engineering & Technology: (7) Civil Engineering, (8) Electrical, Electronic, Information
	Engineering, (9) Mechanical Engineering, (10) Chemical Engineering, (11) Materials
	Engineering, (12) Medical Engineering, (13) Environmental Engineering, (14) Environmental Biotechnology, (15) Industrial Biotechnology, (16) Nano-technology, (17) Other E&T
	Medical & Health Sciences: (18) Basic Medicine, (19) Clinical Medicine, (20) Health Sciences,
	(21) Medical Biotechnology, (22) Other Medical Sciences
	Agricultural Sciences: (23) Agriculture, Forestry & Fisheries, (24) Animal & Dairy Science, (25)
	Veterinary Science, (26) Agricultural Biotechnology, (27) Other Agricultural Sciences
	Social Sciences: (28) Psychology, (29) Economics & Business, (30) Educational Sciences,
	(31) Sociology, (32) Law, (33) Political Science, (34) Social & Economic Geography, (35)
	Media & Communications, (36) Other Social Sciences Humanities: (37) History & Archaeology, (38) Languages & Literature, (39) Philosophy, Ethics,
	Religion, (40) Arts, (41) Other Humanities
