1. Discovery Program processes

We notify You of the outcome.

We advise You if Your application was successful or not through Our Research Management System (RMS).

We enter into a grant agreement with You.

We will enter into a grant agreement with You through RMS.

Delivery of the grant.

You undertake the grant activity and report to us as set out in Your grant agreement.
We manage the grant by monitoring Your progress and making payments.

Evaluation of the grant opportunity.

We evaluate the specific grant activity and the individual grant opportunity as a whole.
We will use information You provide to Us through Your reports to inform evaluations.

Introduction

- 1.1. These grant guidelines establish the rules which govern the administration of the Discovery Program including the application, eligibility, and selection processes to be followed and the assessment criteria that will be used to select grantees.
- 1.2. These grant guidelines contain information for the Discovery Program schemes.
- 1.3. You and the named participants must read these grant guidelines before filling out an application.
- 1.4. This document sets out:
 - a. the purpose of each of the Discovery Program schemes;
 - b. the general eligibility and assessment criteria applicable for all Discovery Program schemes;
 - c. the additional specific eligibility and assessment criteria applicable to each scheme;
 - d. how applications are considered and selected;
 - e. how grantees are notified and receive grant payments;
 - f. how grantees will be monitored and evaluated; and
 - g. responsibilities and expectations in relation to each scheme.
- 1.5. In this document:
 - a. Sections 1 to 14 provide general information for all Discovery Program schemes; and
 - b. Parts A to E provide specific information about each scheme.
- 1.6. These grant guidelines are a legislative instrument current as at the date of signing by the Minister and have been prepared in accordance with the requirements of the ARC Act in force at that date.

2. About the Discovery Program

- 2.1. The Discovery Program is one of two Programs under the ARC National Competitive Grants Program (NCGP).

Objectives

- 2.2. The Discovery Program aims to deliver outcomes of benefit to Australia and build Australia's research capacity through support for:
 - a. excellent, internationally-competitive research by individuals and teams;
 - b. research training and career opportunities for the best Australian and international researchers;
 - c. international collaboration; and
 - d. research in Australian Government priority areas.

Intended outcome

- 2.3. The intended outcome of the Discovery Program is to contribute to the growth of Australia's research and innovation capacity. Increasing Australia's research and innovation

capacity generates new knowledge and results in the development of new technologies, products and ideas, the creation of jobs, economic growth and an enhanced quality of life in Australia.

Scope and timeframes

- 2.4. Discovery Program grants are awarded on the basis of excellence through a competitive peer review process for each grant opportunity.
- 2.5. Each Discovery Program grant opportunity is open for applications once a year or as required.
- 2.6. These grant guidelines will be in effect from the date the Minister signs these grant guidelines.

Key performance indicators

- 2.7. The Key Performance Indicators (KPIs) for the Discovery Program are identified each year in the ARC Portfolio Budget Statements and the ARC corporate plan. Reporting is provided every year in Our annual report.
- 2.8. The KPIs focus on long-term outcomes as well as medium-term outcomes relating to building Australia's research capacity, for example, research careers and training, contributions in areas of national need and research collaboration.

Other relevant information

- 2.9. The Discovery Program is undertaken according to the *Australian Research Council Act 2001* (ARC Act) and the *Commonwealth Grants Rules and Guidelines* (CGRGs).

About the Discovery Program grant opportunities

- 2.10. The schemes available under the Discovery Program are:
 - a. Australian Laureate Fellowships—Part A;
 - b. Future Fellowships—Part B;
 - c. Discovery Early Career Researcher Award (DECRA)—Part C;
 - d. Discovery Indigenous—Part D; and
 - e. Discovery Projects—Part E.
- 2.11. The five schemes comprise:
 - a. three schemes which provide fellowships for individual researchers at different stages of their careers:
 - early career researchers through the DECRA;
 - mid-career researchers through Future Fellowships; and
 - established researchers through Australian Laureate Fellowships.
 - b. the Discovery Indigenous scheme which provides project funding and fellowships for Aboriginal and/or Torres Strait Islander researchers and may include a Discovery Australian Aboriginal and Torres Strait Islander Award (DAATSIA).

- c. the Discovery Projects scheme which provides project funding for research conducted by individuals and teams.

4. Eligibility criteria

What are the eligibility requirements for applications?

- 4.1. You can only submit one application for the same project in any grant opportunity. This includes applications which fundamentally have the same research intent, approach, and outcomes, regardless of any variations in the research, the named participants and/or organisations.

Who is eligible to apply for a grant?

- 4.2. We will only accept applications from the Eligible Organisations in Table 2.
- 4.3. The Eligible Organisation that submits the application will be the 'Administering Organisation' and is referred to as 'You'. All other Eligible Organisations named on the application will be an 'Other Eligible Organisation'.

Who is eligible to be a named participant?

- 4.5. Named participants are those individual researchers who are nominated for the particular roles identified for each grant opportunity.
- 4.6. Roles that named participants may be nominated for under the Discovery Program are:
 - a. Australian Laureate Fellowship candidates (Part A);
 - b. Future Fellowship candidates (Part B);
 - c. DECRA candidates (Part C);
 - d. DAATSIA candidates (Part D);
 - e. Chief Investigators (CIs) (Parts D and E); and
 - f. Partner Investigators (PIs) (Parts D and E).
- 4.7. All CIs, PIs and candidates named in an application must:
 - a. satisfy the eligibility criteria for the role they are to perform;
 - b. take responsibility for the authorship and intellectual content of the application, appropriately citing sources and acknowledging all significant contributions, including from third parties; and
 - c. have met their obligations regarding previously funded projects, including submission of satisfactory final reports to the ARC at the grant opportunity closing date.
- 4.8. CIs and ARC Fellows must not undertake an HDR during the project activity period.
- 4.9. A Project cannot start until all named participants meet the eligibility criteria in these grant guidelines.
- 4.10. An application will not be considered where We have made a decision to exclude grant applications involving a particular named participant for a period of time, whether or not they otherwise meet the eligibility requirements.

What are the limits on the number of applications and projects per named participant?

- 4.11. These limits only apply to CIs and candidates.
- 4.12. The limits are designed to ensure that named participants have the capacity to undertake each project.
- 4.13. A named participant can be concurrently funded through the Discovery Program for a maximum of:
 - a. two projects as a CI; or
 - b. one ARC Fellowship and one project as a CI; or
 - c. one ARC Fellowship or project if the individual is also a Director on an active ARC Centre of Excellence and/or a Special Research Initiative project.
- 4.14. At the grant opportunity closing date for DECRA, Discovery Indigenous and Discovery Projects applications, We will count:
 - a. the number of Discovery Program CI roles or ARC Fellowships that the individual will hold on active projects on the grant opportunity's active project assessment date;

- b. whether the named participant will hold an ARC Centres of Excellence and/or Special Research Initiatives Director role on active projects on the grant opportunity's active project assessment date; and
 - c. the number of DECRA, Discovery Indigenous and Discovery Projects applications We are currently assessing which include that participant as a CI or candidate.
- 4.15. Applications for Australian Laureate Fellowships, Future Fellowships, ARC Centres of Excellence or Special Research Initiatives do not need to meet the project limit requirements at the grant opportunity closing date. If an Australian Laureate Fellowships, Future Fellowships, ARC Centres of Excellence or Special Research Initiatives application is successful, named participants must meet the project limits under section 4.13 before the project can start. Project limits can be met by relinquishing existing active project(s), or relinquishing role(s) on existing active projects, or withdrawing application(s) that would exceed the project limits. This does not need to occur until all applications are announced.
- 4.16. If a role or Project must be relinquished to meet the limits at the grant opportunity closing date for a DECRA, Discovery Indigenous and Discovery Projects application, We must approve the Variation before the grant opportunity closing date. Any relinquishment Variation submitted or approved after the grant opportunity closing date will not be taken into account when counting the number of projects under section 4.14.
- 4.17. It is Your responsibility to determine if applying for, or holding, a project under these grant guidelines will affect an individual researcher's eligibility for other ARC grant opportunities as other ARC grant opportunities may have different project limits. We reserve the right to change project and application limits in future grant opportunities.

5. What the grant money can be used for

If Your proposed research project includes Antarctic research that will require logistical support, contact the Australian Antarctic Division for advice about available logistical support prior to submitting Your application;
- e. equipment (and its maintenance) and consumables essential for the project. Funding will not be provided for equipment or consumables that are considered to be for broad general use;
- f. other, which may include:
 - i. access to national and international research and infrastructure facilities including specialist archives, collections and databases;
 - ii. access to technical workshop services linked to and justified explicitly against the project (for example, machine tools and qualified technicians);

What grant funds cannot be used for

- 5.7. Unless the following activities meet the definition of research, the Discovery Program does not support production of:
- computer programs, research aids and tools;
 - data warehouses, catalogues or bibliographies; or

- 5.9. The following basic facilities must be provided (where relevant) and funded by You, or the Other Eligible Organisation(s) and are not funded by the grant:
- bench fees or similar laboratory access fees;
 - access to a basic library collection;
 - access to film or music editing facilities;
 - work accommodation (for example, laboratory and office space, suitably equipped and furnished);
 - basic computer facilities such as desktop computers, portable computer devices, printers, word processing, and other standard software; and
 - standard reference materials or funds for abstracting services.

Requests not to assess process

- 8.17. You may name up to three persons whom You do not wish to assess an application by submitting a 'Request Not to Assess' form in RMS as detailed on [GrantConnect](#) and on the [ARC website](#). This form must be received by Us two weeks prior to the grant opportunity closing date.

If a request includes the name of a current ARC College of Experts member, as listed on the [ARC website](#) or in RMS at the time of submitting the 'Request Not to Assess' form, the request must be accompanied by comprehensive evidence justifying the request for the ARC College of Experts member or members named. If We consider the evidence is not sufficient for the named ARC College of Experts member or members, We will reject part, or all of the request.
- 8.20. We have discretion about whether We accept or refuse a 'Request Not to Assess'. We will not notify You of the outcome.

- 8.28. Under the ARC Act, the Minister may (but is not required to) rely solely on recommendations made by the CEO.

- 8.29. The Minister will determine which grants to approve. In addition to the assessment criteria set out in these grant guidelines, the Minister may consider the National Interest Test and any advice on national security risks in determining which applications to approve.
- 8.30. The Minister's decision is final in all matters, including:
- a. the approval of the grant;
 - b. the grant funding amount to be awarded;
