Equipment investments requirements for 2023

Deadline: **November 1st**

- Moved to earlier date to give the administrative team time to organize documents and start tenders early in year 2023
- This change will help us to get the equipment to our labs faster

Careful planning will make our life easier and ensure that the needed equipment will arrive on time and research goals will not be affected.

- Information published on Noticeboard 8. 9. 2022
