Call identifier	Barrande Fellowship Cotutelle 2023
Call info	Barrande Fellowship Program enables Czech Ph.D. students to experience a research stay in France, improve their knowledge and learn new skills. These Fellowships support 3-year joint degree Ph.D. study between the Czech Republic and France and the realisation of three 5-month stays in France.
Conditions / Restrictions	Students need to be registered at a Czech university and need to have higher education diplomas (Ing. or Mgr.) before their research stay in France. Students in their second year of master studies at the call time may apply. The candidates will need to hold a higher education degree before their first stay abroad.

	<p>Recipients must be Ph.D. students registered simultaneously at a Czech and a French university.</p> <p>Applicants will find general information on enrolment in a PhD programme in France on the <a href="#">Campus France</a> website. Registration procedures can be found on the website of the targeted doctoral school (<a href="#">list of all French doctoral schools</a>).</p> <p>The Joint Degree Ph.D. Study is administered simultaneously by the Czech and the French university. All conditions are summarized in the "Cotutelle agreement" about Joint Degree Ph.D. Study, which must be signed by both universities. The student commits to providing this agreement before the first departure to France.</p> <p>During 3 years, fellows spend time alternately at both universities. The Fellowship covers three 5-month stays in France.</p> <p>Research visits have to start on 01 Oct or 01 Nov 2023.</p> <p>Non-French speaking students may apply for the fellowship if the French supervisor hosting the French part of the Ph.D. agrees for the research stay to be performed in the English language.</p> <p>Successful students will receive a Joint University Diploma accredited by both universities. The programme supports the mobility of students to their host institution. It does not provide for a research contract for the full duration of a Ph.D.</p> <p>Applications have to be sent electronically by email, as one compressed folder with all documents in PDF format to <a href="mailto:aia@dzs.cz">aia@dzs.cz</a>.</p> <p>Name the compressed folder: "LAST NAME first name-Cotutelle – category (LSH, B&amp;E, CH or PE)</p> <p>Name each file in the folder: "LAST NAME first name- document title (CV, Cover letter.)"</p> <p>Fellows are expected to become important players and to strengthen Czech-French relationships &amp; collaboration.</p>
Proposal consists of	<p>Applicant must register online via DZS <a href="#">application system</a></p> <p>Application consists of (all documents must be in English):</p> <ol style="list-style-type: none"> <li>1) <b>Application form:</b> scan of signed form;</li> <li>2) <b>Academic CV:</b> contact details of the applicant must be specified (personal and professional e-mail address and phone numbers) - max. 2 pages;</li> <li>3) <b>Cover letter:</b> motivation for applying, subject of your research, reasons for selection of the French lab - max. 2 pages;</li> <li>4) <b>Project description:</b> research topic, specify your research objectives, methodology and expected research; a detailed study plan with timeline, incl. the expected dates of the stay abroad; names and contact information of Czech &amp; French supervisors - max 2 pages plus references max 1 page; header must include: Name/first name of the applicant - Subject of thesis - Name/first name of supervisors/addresses of universities;</li> <li>5) <b>Letter of Invitation from the French supervisor</b> (template in Appendix 2 of the Application Guidelines may be used): agreement with your project and the joint supervision; willingness to host you at the institution; expected dates of the stay in France; reasons for implementing the co-tutelle (i.e. complementarity of expertise) as well as potential success factors; written in English; must be on letterheaded paper;</li> <li>6) <b>Letter of Support from the Czech supervisor</b> (template in Appendix 1 of the Application Guidelines may be used): agreement with your project and it being conducted under dual supervision; expected dates of the stay in France; highlight student's qualities, his/her research work and explain the benefit of conducting the research project in the framework of the co-tutelle; written in English; must be on letterheaded paper;</li> <li>7) <b>A transcript of records or a copy of the Diploma Supplement issued by the university of previous degree program</b> (last 2 years of studies)</li> </ol>
Evaluation criteria	<p>Based on the quality of the written applications, applicants will be invited to auditions (online, via Zoom, with 10 minute presentations followed by a 10 minute discussion with the jury) during Mar 2023.</p> <p>Applicants will be evaluated according to the criteria presented below, using a 10-point scale to assess their degree of fulfilment.</p> <ul style="list-style-type: none"> <li>• Quality and soundness of the written application</li> <li>• Quality and scientific relevance of the applicant's research project</li> <li>• Importance and relevance of the applicant's research project for his/her professional development</li> <li>• Value of academic support provided by the applicant's thesis supervisor(s)</li> <li>• Impact of the research stay abroad on a successful completion of the research project</li> <li>• Professional competence of the applicant to successfully complete his/her research project</li> </ul>

	<ul style="list-style-type: none"> <li>• Quality of the oral presentation</li> <li>• Overall assessment of the application</li> </ul> <p>Candidates whose research projects receive less than 70% of the maximum score will be eliminated from the competition. NB: Receiving a score higher than 70% does not automatically entitle the applicant to the fellowship.</p>
Research areas	<p>All research areas divided to following categories:</p> <p>Human Life Sciences and Health (LSH)  Biology and Environment (B&amp;E)  Human &amp; Social Sciences, Economics (SHSE)  Chemistry (CH)  Physics/Engineering (PE)  Maths/IT/Systems Engineering (MITSE)</p>
Call workshop	<p>Information session for students from Czech Universities wishing to apply for the Barrande programme: 7 Dec 2022 11:00-12:00 (online via Zoom). Registration <a href="#">here</a>.</p>
IOCB contact	<p>Please inform the IOCB Project Office (<a href="mailto:projectoffice@uochb.cas.cz">projectoffice@uochb.cas.cz</a>) about your intention to apply.</p> <p>Do not hesitate to contact us anytime for consulting, discussion or help.</p> <p>Veronika Palečková, <a href="mailto:veronika.paleckova@uochb.cas.cz">veronika.paleckova@uochb.cas.cz</a>, +420 220 183 266  Blanka Collis, <a href="mailto:blanka.collis@uochb.cas.cz">blanka.collis@uochb.cas.cz</a>, +420 220 183 527</p>
