- 1. Productivity of the scientific and scientific-service teams**
- 2. Institute conference Třešť' 2008**
- 3. Information about the reconstructions of the institute**
- 4. Free discussion**

1. **CSI (SVI)** will provide the output from **ASEP** database of articles, books, chapters in books, and proceeding articles.
2. You will provide “Real impact factor” for some articles (if applicable)
3. **Patent Office** will provide the list of granted patents
4. You will provide other output of category T and S (technology, prototypes, ...)
5. The Economy department will provide the net incomes from licenses
6. The Economy department will provide IMP (salary paid by Institute)
7. The secretary of director will calculate the productivity factors for individual teams

2. Institute conference Třešť 2008

Date:

May 5, 6, 7

Focus:

Presentation of the teams by the team leaders,
general orientation, results, plans
Intellectual properties, rules

Limitation:

Currently we have 139 applications, but we can
accept only 115
24 people will not be accepted (reduction will be made
according to the size of the teams)

3. Information about the reconstructions of the institute

Three strategies how to financed the reconstruction:

- 1. Reduction of the program**
- 2. Additional resources**
- 3. Using less expensive technologies**

- Please dispose the **old picric acid**, later it can be difficult (date: immediately)
- I remind you that all intentions to submit a grant application must be approved by the Board of Institution, till no only 24 annotations have been approved; submit your annotation to the secretary of the Board (Dr. Koutek)

4. Free discussion
