## Recommendations

Use this section to register your recommenders. You can only register recommenders after you answer questions under the Study Plan section! The recommenders should be from the academic environment.

Once you register your recommenders, they will receive an automatic email with instructions on completing the online recommendation form. You can track the status of recommendations, send reminders, and add/delete recommenders through this system before **and** after submission of your application.

1. Click *Add Recommender*.
2. Complete all fields in the pop-up form:

The screenshot shows a pop-up window titled "Add Recommender". It contains several input fields: a dropdown menu for "Prefix", and text boxes for "First Name", "Last Name", "Institution", "Position/Title", "Relationship", "Telephone", and "Email". Below these fields is a "Personal message to recommender" section with a large text area. A note above the text area states: "Note: Applicants are encouraged to provide a professional email address for their recommenders (i.e. institutional email address for a professor, a corporate email address for a supervisor) when possible". Below the text area, a message reads: "You may include a personal message for your recommender here. If your program has a recommend deadline, please use this message to communicate this deadline to your recommender." At the bottom of the form are two buttons: "Send To Recommender" and "Cancel".

3. Click *Send to Recommender* to generate the automatic email sent to the recommender.
4. Click *Continue* to save your responses and advance to the next section.
5. Once sent, you will have the option to Edit Recommender information if they have not yet started progress on their response and Save, Send Reminders, and Exclude if you wish to remove

the recommender and replace them with another individual.
