
Director's Decree V2024-02

1 January 2024

Organizational changes

To optimize support scientific activities at IOCB, I announce the following organizational changes, effective 1 January 2024:

1. "Service Groups" organizational units will be renamed to "Core Facilities".
2. The following groups will be transferred to Core Facilities:
 - Biochemical Pharmacology
 - Electromigration Methods
 - Cryogenic Electron Microscopy
 - Mass Spectrometry
3. I establish a new Core Facility "Proteomics", which I entrust Josef Cvačka to head until the position of Head of the Core Facility is filled through a proper selection process.

Prof. RNDr. Jan Konvalinka, PhD.
Institute Director
