

Director's Decree V2024-03

31 January 2024

Organizational change

I hereby decide to implement with immediate effect an organizational change that will result in the termination of research in the field of structural parasitology at IOCB.

As part of this organizational change, the Research Group of Sebastian Zoll and all subsequent positions within this Research Group will be terminated:

- Scientific Officer
- Scientific Assistant
- PhD Student
- Research and Development Assistant
- Chemical Technician

The employment relationships with the employees of Sebastian Zoll Group will be terminated in the course of 2024. In the upcoming months, the Structural Parasitology group will focus on finishing the existing projects.

Prof. RNDr. Jan Konvalinka, PhD.
Institute Director
