Mode of funding	Ex-ante (paid quarterly to the host institution: 01 Aug, 01 Nov, 01 Feb, 01 May)
Language of application	English
Provider	Life Sciences Research Foundation, PO Box 1482, Cockeysville, MD 21030-7482, USA, <a href="http://www.lsrp.org">www.lsrp.org</a> Please direct application submission questions to: <a href="mailto:apply@lsrp.org">apply@lsrp.org</a>
Call identifier	LSRF Fellowships 2025
Call info	Life Sciences Research Foundation (LSRF) identifies and funds exceptional young scientists at a critical juncture of their training in all areas of basic life sciences and provides a high-quality peer-review service to anyone (individual, foundation, company) wishing to sponsor a fellow who shares their vision of important research.
Conditions / Restrictions	Applicants must have received their PhD degrees no more than 5 years prior to the application deadline date, and no later than the award activation date of 1 Aug (PhD between 1 Oct 2019 and 31 Jul 2025). Applicants must have begun (or will begin) working in proposed hosting lab between 1 Aug 2023 and 31 Jul 2025. U.S. citizens are eligible to work in any geographic location, non-U.S. citizens must work in a U.S. laboratory.

	<p>Supervisor and all referee's names and email addresses must be listed by the applicant before the deadline <b>Tue 01 Oct 2024 8:00 pm EST</b>.  Verify that all email addresses listed are correct and current.  Applicants will not be able to change referees or to upload any additional material after the deadline <b>Tue 01 Oct 2024 8:00 pm EST</b>.  A laboratory may have only one LSRF fellow at a time.  LSRF does not require a budget, college transcripts, animal certification documents or any type of visa documents.  No indirect or overhead costs may be charged to the fellowship.  August 1 is the only award activation date.  Awardees are required to submit annual scientific progress reports and the host institution is required to submit annual financial reports.  Awardees are required to attend LSRF Annual Meetings held in October.  Fellows can ask LSRF to withhold up to \$5,000/year. If the fellow moves to a non-profit institution in the U.S. the escrow fund (up to \$15,000) will be reverted to the fellow as a one-time mini-grant.  The award may not be used for any other salary but the awardee, nor is it meant to provide general support for the research supervisor or lab.  All equipment purchased with the research allowance funds is considered the awardee's property to take with them at the end of the award period.</p>
Proposal consists of	<p>Online application, <a href="https://lsrf.secure-platform.com/a">https://lsrf.secure-platform.com/a</a>  1) <b>Application info</b> (online form) (applicant)  2) <b>Research proposal</b>: research plan with figures &amp; tables (be concise, max 5 pages + 2 pages for the literature cited uploaded as a pdf; 0.5in margins, min 12pt Times New Roman/11pt Arial for main text, min 10pt Times New Roman/9pt Arial for figure legends and tables) (applicant &amp; supervisor)  3) <b>Letter of support from supervisor</b>: should acknowledge acceptance of the applicant to the laboratory, the role expected of the applicant in the broad framework, the degree of independence the applicant will have and the willingness of the institution to administer the award (supervisor, submitted before <b>Fri 01 Nov 2024 8:00 pm EST</b>)  4) <b>Three letters of reference</b>, must come from associates who can critically appraise the applicant's qualifications, 1 letter should be from applicant's PhD advisor (referees, submitted before <b>Fri 01 Nov 2024 8:00 pm EST</b>)</p>
Evaluation criteria	<p>1) The quality of the research proposal (importance of the problem, originality of approach, appropriateness of techniques and clarity of presentation).  2) The qualifications, experience and productivity of both the applicant and the supervisor.  3) Sponsor matches with a fellow with similar research interests.</p>
Research areas	Life sciences
Call workshop	None
