

Director's Decree V2024-16

15 November 2024

Organizational changes

Based on the results of the evaluation by the IOCB International Advisory Board and in accordance with its recommendation, I make the following organizational changes effective 1 January 2025:

- I promote the Junior Research Group of Hana Cahová “Chemical Biology of Nucleic Acids” to a Senior Research Group.
- I promote the Junior Research Group of Zuzana Kečkéšová “Tumor Suppressors” to a Senior Research Group.
- I promote the Junior Research Group of Tomáš Slanina “Redox Photochemistry” to a Senior Research Group.
- I establish a new Targeted Research Group of Jan Řezáč “Computational Chemistry for Drug Design”.
- I transfer the Research-Service Group “Drug Discovery” led by Pavel Majer to a Targeted Research Group.
- I transfer the Research-Service Group “Virology” led by Jan Weber to a Core Facility.

In addition, I establish a new Joint Laboratory of the Institute of Organic Chemistry and Biochemistry of the CAS and the Faculty of Science of Charles University “Cell Biology” headed by Jakub Abramson.
