Provider	Ministry of Education, Youth and Sports of the Czech Republic (MEYS / MŠMT), Prague, www.msmt.cz Contact persons: Mgr. Terezie Valová, +420 234 812 295, terezie.valova@msmt.cz (Czech applicants) Dr. Stéphanie Legoupy, +420 221 401 024 or +420 734 151 753, stephanie.legoupy@ifp.cz (queries from foreign applicants)
Call info	The aim of the programme is to establish contacts, to develop cooperation and support the mobility of researchers cooperating in international projects of basic research.
Conditions / Restrictions	The tender documentation is only available in Czech. The application must be prepared in the Czech language, except for fields where English is explicitly required. The proposal for a joint research project has to be prepared simultaneously by the Czech research team (based on MEYS call conditions) and the foreign investigators (based on Programme Barrande 2026 conditions). The Czech and French parts of the project must be identical in terms of content and research themes. Several Czech research institutions can participate, however only one main proposer has to be designated on the Czech side of the joint research project. The proposal has to be submitted only via data box (datová schránka) vidawt – this will be arranged by the Project office. The proposal has to be originally signed, stamped and dated by the institution's legal representatives of all participating Czech institutions.
Proposal consists of	All forms are available in Czech version only. 1) Application form including Project proposal "Žádost o poskytnutí dotace" (project overview, expected outputs, objectives, methodology, added value of

	bilateral cooperation, French proposer - team, Czech proposer - team, budget, annexes) 2) CVs of the Czech and French PI and all Czech teams members "Profesní životopis" 3) Optional: appendix containing pictures, graphs, Gantt chart or references cited Former Sworn statement ("Čestné prohlášení") is now a part of the "Žádost o poskytnutí dotace".
Evaluation criteria	<ul style="list-style-type: none"> • Scientific and practical value of the project (goals, originality, expected output, methodology) • Competence of the research team (team research quality and background, young team members) • Mobility requirements (number and length of stays, number of persons)
Research areas	<ul style="list-style-type: none"> • All research areas
